The University of Ballarat Technology Park breakfast brings together information and communications technology professionals and other stakeholders from Ballarat and the broader region.

**eHealth – It’s Not Just About The Technology**

Bendigo Health is about to embark on the biggest change in its 150+ year history – a large hospital redevelopment and the introduction of an electronic medical record (EMR).

Technology is a key enabler for the vision of a world class hospital, but the EMR is the game changer. EMR implementations are large, complex and expensive and benefits tend to be oversold and change management understated – clinical engagement, model of care process redesign and ongoing training and support hold the key to successful EMR implementations.

**Guest Speaker: Mr Bruce Winzar, Executive Director of Information Services/CIO, Bendigo Health**

Bruce Winzar is Executive Director Information Services/CIO for Bendigo Health and CIO for the Loddon Mallee Rural Health Alliance and is Executive Sponsor for the implementation of ICT and EMR for the new build.

Bruce has over 37 years ICT experience, 10 years in health ICT and manages an extensively wide area network of over 120 sites delivering varied hosted managed services.
