

**Multimedia Victoria** (MMV) works to grow the Information and Communication Technology (ICT) sector, and drive economic growth through access to and use of sophisticated ICT.

Part of the Department of Business and Innovation, Multimedia Victoria also works closely with the ICT industry, education and training providers and the wider business community.

**The Department of Business and Innovation** (DBI) helps grow Victoria's diverse and vibrant economy by supporting pro-business policies and programs and the development of innovative industries.

DBI engages with businesses and represents their needs to all levels of government; provides strategic economic planning advice and targeted business development assistance; encourages investment and trade; and markets Victoria in Australia and internationally.

# Government programs and funding opportunities
